eJournal USA - Department of State IIP's magazine about issues that affect the United States and the international community.

Encyclopedia Britannica - Basic introduction to over 75,000 different topics, including encyclopedia articles, maps, news, definitions, and statistics.

European Views of the Americas: 1493 to 1750 - Provides bibliographic content of more than 32,000 printed records about the Americas written in Europe before 1750. The indexed records cover the history of European exploration, portrayals of Native American peoples and include topics from natural disasters to disease outbreaks and slavery.

Filmakers Library Online - Contains over 1,000 full documentaries and adding over 100 titles per year. Gathering films from American independents as well as filmmakers from all over the world, this multidisciplinary collection includes documentaries on a variety of topics from race and gender studies, human rights, international relations, criminal justice, the environment, health, current events, literature, and more.

Fuente Academica - Fuente Academica offers more than 450 scholarly journals from Latin America, Portugal and Spain. All major subject areas are covered with particular emphasis on agriculture, biological sciences, economics, history, law, literature, philosophy, psychology, public administration, religion and sociology.

Gale Directory Library - The Gale Directory Library hosts a variety of directory products. Multiple directories can be cross-searched or users can mine individual directories for the particular kinds of data they contain, such as financial information for companies, circulation figures for publications, and much more.

Gale Virtual Reference Library - Gale Virtual Reference Library is a database of encyclopedias and specialized reference sources for multidisciplinary research

General OneFile - Contains full text of over 7,800 titles going back to 1980. General OneFile includes an archive of New York Times going back to 1985, as well as over 500 travel guides from Fodor's and other publishers.

Global Issues in Context - Global Issues in Context offers international viewpoints on a broad spectrum of global issues, topics, and current events. Featured are hundreds of continuously updated issue and country portals that bring together a variety of specially selected, highly relevant sources for analysis of social, political, military, economic, environmental, health, and cultural issues. Each of these gateway pages includes an overview, unique "perspectives" articles written by local experts, reference, periodical, primary source and statistical information. Rich multimedia - including podcasts, video, and interactive graphs - enhance each portal.

GreenFILE - An indexing resource for educators and librarians, a collection of over 260 titles from the most popular teacher and administrator trade journals, periodicals, and books. Records include topics such as Assessment, Continuing Education, Curriculum Development, Instructional Media, and more.

GREENR - The Global Reference on the Environment, Energy, and Natural Resources focuses on the physical, social, and economic aspects of environmental issues. Topic, organization, and country portals form research centers around issues covering energy systems, health care, agriculture, climate change, population, and economic development. Portals include authoritative analysis, academic journals, news, case studies, legislation, conference proceedings, primary source documents, statistics, and rich multimedia.

IIP Books - Department of IIP's collection of publications about U.S. society, culture, and policies.

Library, Information Science & Technology Abstracts - This resource indexes more than 600 core journals, nearly 50 priority journals, plus books, research reports and proceedings. Subject coverage includes librarianship, classification, cataloging, online information retrieval, information management and more. Coverage in the database extends back as far as the mid-1960s.

Literature Resource Center - Literature Resource Center is a comprehensive database on literary topics, authors, and their works. Includes full-text scholarly articles from more than 360 academic journals and literary magazines, full text of thousands of poems and short stories published in contemporary journals and magazines, and book reviews and biographical essays.

LitFinder - LitFinder is a repository of full-text literary works, including around 150,000 poems, short stories, plays and speeches.

Regional Business News - This database provides comprehensive full text coverage for regional business publications. Regional Business News incorporates coverage of more than 80 regional business publications covering all metropolitan and rural areas within the United States.

Teacher Reference Center - An indexing resource for educators and librarians, a collection of over 260 titles from the most popular teacher and administrator trade journals, periodicals, and books. Records include topics such as Assessment, Continuing Education, Curriculum Development, Instructional Media, and more.
